----- DEPARTMENT OF JUSTICE Notice of Lodging of Consent Decree Under the Clean Air Act Notice is hereby given that on April 19, 2007, a proposed Consent Decree in United States v. Shan Industries, LLC, Civil Action No. 2:07- 1839 (JLL) was lodged with the United States District Court for the District of New Jersey. In this action the United States sought civil penalties and injunctive relief relating to alleged violations of the Clean Air Act, 42 U.S.C. 7401, et seq., and the National Emissions Standards for Chromium Emissions from Hard and Decorative Chromium Electroplating and Chromium Anodizing Tanks, 40 CFR Part 63, Subpart N, and the National Emissions Standards for Halogenated Solvent Cleaning, 40 CFR Part 63, Subpart T, arising out of Shan Industries, LLC's ownership and operation of its Accurate Forming facility, located in Hamburg, New Jersey. Shan uses trichloroethylene and hexavalent chromium to degrease and electroplate "deep drawn" metal parts used in such products as writing implements and automotive fuel filters. The Consent Decree resolves the claims alleged in the Complaint that Shan violated the Act and the pertinent regulations in its operations, and failed to comply with certain design, testing, operating, monitoring and reporting requirements. Shan has demonstrated that it has brought the facility into compliance. The Consent Decree requires Shan to pay, based on its limited financial ability, a civil penalty of \$101,000 in three annual installments, and provides that Shan will comply with reporting requirements set forth in the Consent Decree. The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Consent Decree.
